

**REMARKS**

The claims are claims 1 to 6.

The application has been amended at page 3, line 12 to correct the inconsistency between the specification and drawings. This amendment also provides an omitted final period at that line.

The specification incorrectly recited "Figure 18" where it should have recited "Figure 6." The specification correctly describes Figure 6 at page 13, line 21 to page 14, line 5.

The Applicants respectfully submit that all the present claims are allowable for the reasons set forth above. Therefore early reconsideration and advance to issue are respectfully requested.

If the Examiner has any questions or other correspondence regarding this application, Applicants request that the Examiner contact Applicants' attorney at the below listed telephone number and address to facilitate prosecution.

Texas Instruments Incorporated
